

# THE HOMERUN FOUNDATION

Supporting the Empowering Carlisle Community Schools Foundation

The Carlisle School District has an honored past in both Baseball and Softball. Since the early nineties a state championship trophy has been brought back to Carlisle four times: three in softball and once in baseball. Our coaches have won state honors.

This summer our two successful sports teams will join forces to help support the new Empowering Carlisle Schools Foundation. Patrons can join the effort by pledging money for each homerun hit by a Carlisle athlete **in a home contest**.

**We plan to announce after each homerun hit by one of our own: "That homerun hit by Player A provides another \$XXX donated to the Empowering Carlisle Community Schools Foundation. To date the Homerun Foundation has donated \$XXX. To learn more about how you can participate in the Homerun Foundation visit our concession area."**

We already have a single donation of \$50.00 for every homerun hit by a Carlisle player in a home game. Please consider making your pledge to a very worthwhile cause. Together we can make this a great funding stream in supporting the district's children

Diana Whited is the district's foundation director and she can answer any questions or provide you with information about how you might contribute. Phone: 989-5309 E-mail: [diana.whited@carlisle.k12.ia.us](mailto:diana.whited@carlisle.k12.ia.us)

Thanks for your consideration.
